### General Purpose Financial Statements

for the year ended 30 June 2023

### **Understanding Council's Financial Statements**

#### Introduction

Each year NSW local governments are required to present audited financial statements to their council and community.

#### What you will find in the Statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2023.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

#### **About the Councillor/Management Statement**

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

#### **About the Primary Financial Statements**

The financial statements incorporate five "primary" financial statements:

#### 1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### 2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, property, plant and equipment.

#### 3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

#### 4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

#### 5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

### **About the Notes to the Financial Statements**

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

#### **About the Auditor's Reports**

Council's financial statements are required to be audited by the NSW Audit Office.

In NSW the auditor provides 2 audit reports:

- 1. An opinion on whether the financial statements present fairly the Council's financial performance and position, and
- 2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

### Who uses the Financial Statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the audit report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

### General Purpose Financial Statements

for the year ended 30 June 2023

# Statement by Councillors and Management made pursuant to Section 413 (2c) of the *Local Government Act 1993* (NSW)

The attached general purpose financial statements have been prepared in accordance with:

- the Local Government Act 1993 and the regulations made thereunder,
- · the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- · the Local Government Code of Accounting Practice and Financial Reporting.

#### To the best of our knowledge and belief, these statements:

- · present fairly the Council's operating result and financial position for the year
- · accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 06 February 2024.

Jasen Ramien

Mayor

### A About Council and these financial statements

### A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 06 February 2024. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The principal accounting policies adopted in the preparation of these financial statements are set out below.

These policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993* (Act) and *Local Government (General) Regulation 2021* (Regulation), and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

#### Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain infrastructure, property, plant and equipment.

#### Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

#### Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future.

The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- (i) estimated fair values of infrastructure, property, plant and equipment refer Note C1-6
- (ii) estimated landfill and gravel pit remediation provisions refer Note C3-5
- (iii) employee benefit provisions refer Note C3-4

#### Significant judgements in applying the Council's accounting policies

- (i) Impairment of receivables refer Note C1-4
- (ii) Determination of whether performance obligations are sufficiently specific and whether the contract is within the scope of AASB 15 Revenue from Contracts with Customers and / or AASB 1058 Income of Not-for-Profit Entities refer to Notes B2-2 B2-4.
- (iii) Determination of the lease term, discount rate (when not implicit in the lease) and whether an arrangement contains a lease refer to Note C2-1.

### Monies and other assets received by Council

#### The Consolidated Fund

In accordance with the provisions of Section 409(1) of the Local Government Act 1993 (NSW), all money and property received by Council is held in the Council's Consolidated Fund unless it is held in the Council's Trust Fund.

### A1-1 Basis of preparation (continued)

Cash and other assets of the following entities have been included as part of the Consolidated Fund:

General purpose operations
Water Supply Fund
Walgett Water Supply Service
Lightning Ridge Water Supply Service
Collarenebri Water Supply Service
Villages Water Supply Service
Sewerage Fund
Walgett Sewerage Service
Lightning Ridge Sewerage Service
Collarenebri Sewerage Service
Domestic Waste Management Fund

#### **The Trust Fund**

In accordance with the provisions of Section 411 of the *Local Government Act 1993 (NSW)* (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by Council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these reports.

The following Trust monies and properties are held by Council and are included in these financial statements:

Lightning Ridge Bore Baths Committee Namoi Village Bingo - V Boney Lightning Ridge Cemetery (Bequest) Mooribul Day Walgett Meals on Wheels Burren Junction Hall Committee

A separate statement of monies held in the Trust Fund is available for inspection at the council office by any person free of charge.

#### Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities that are recoverable from, or payable to, the taxation authority, are presented as operating cash flows.

#### Volunteer services

Council's Lightning Ridge Visitor Information Centre utilises a number of volunteers to assist visitors to the area. Council remits a stipend to these volunteers in recognition of their service to Walgett Shire's tourism industry. Any shortfall between the payment of this stipend and staff wages is considered immaterial to Council's financial statements.

### A1-1 Basis of preparation (continued)

### New accounting standards and interpretations issued but not yet effective

#### New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2023 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

As at the date of authorisation of these financial statements Council does not consider that any of these new (and still to be applied) standards and interpretations are likely to have a material impact on the Council's future financial statements, financial position, financial performance or cash flows.

### New accounting standards adopted during the year

The following new standards are effective for the first time at 30 June 2023:

- AASB 2022-3 Amendments to Australian Accounting Standards Illustrative Examples for Not-for-Profit Entities accompanying AASB 15
- AASB 2020-3 Amendments to Australian Accounting Standards Annual Improvements 2018 2020 and Other Amendments

There has been no material impact on the adoption of these standards on Council's financial statements.

### B Financial Performance

### B1 Functions or activities

### B1-1 Functions or activities – income, expenses and assets

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

### B1-2 Components of functions or activities

#### Details relating to the Council's functions or activities as reported in B1-1 are as follows:

#### Community

- · Develop a connected, informed, resilient and inviting community
- · A safe, active and healthy Shire

#### **Economic Development**

- · An attractive environment for business, tourism and industry
- Employment opportunities that supports local industries
- An efficient network of arterial roads and supporting infrastructure; town streets and footpaths that are adequate and
- · Communities that are well serviced with essential infrastructure

#### **Governance and Civic Leadership**

- An accountable and representative Council
- · Implement governance and financial management process that support the effective administration of Council
- Promote community involvement in Government decision making
- Deliver the goals and strategies of the Community Strategic Plan

### **Sustainable Living**

- Operate an urban waste management system that meets the community needs and environmental standards
- Provide potable and raw water supply systems that ensures enhanced water security and meets health standards
- A sustainable environment that recognises our rivers, natural environment, ecological systems and biodiversity
- Maintain a healthy balance between development and the environment

#### Infrastructure

- · Provide and maintain an effective road network that meets the community needs and expectations
- · A Regional and State Road network that is appropriately supported and resourced by the Government
- Maintain and improve Council's property assets to an optimal level
- · Provision of facilities and communication services

### B2 Sources of income

### B2-1 Rates and annual charges

|  | 2023<br>\$ '000 | 2022<br>\$ '000 |
|--|-----------------|-----------------|
| Ordinary rates   |                 |                 |
| Residential  | 1,444           | 1,422           |

Council has used 2022 year valuations provided by the NSW Valuer General in calculating its rates.

### **Accounting policy**

Rates and annual charges are recognised as revenue at the beginning of the rating period to which they relate. Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are recognised within the underlying revenue item based on their substance.

### **Accounting policy**

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival. There is no material obligation for Council in relation to refunds or returns.

Council does not charge upfront fees such as membership fees for a leisure centre and so does not recognise the fee on a straightline basis over the expected life of the membership.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than the term of the licence.

### B2-3 Other revenues

### Accounting policy for other revenue

Where the revenue is earned for the provision of specified goods / services under an enforceable contract, revenue is recognised when or as the obligations are satisfied.

Statutory fees and fines are recognised as revenue when the service has been provided, the payment is received or when the penalty has been applied, whichever occurs first.

Other revenue is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

| Less: Funds received in prior year but revenue recognised and funds spent in current year                  | , ,       | , ,       | (2 657) | (4 205) |
| _  |           |           | (3,657) | (1,385) |
| Unspent funds at 30 June   | 7,309     | 1,571_    | 5,065   | 5,552   |

Unexpended capital grants held relate to major projects in progress at the end of the financial year.

### B2-4 Grants and contributions (continued)

#### **Accounting policy**

#### Grants and contributions - enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an agreement which is enforceable and contains sufficiently specific performance obligations is recognised as or when control of each performance obligations is transferred.

The performance obligations vary according to the agreement. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods / services at a single time (e.g. completion of the project when a report / outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

#### Capital grants

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

#### Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

### B2-5 Interest and investment income

| Water fund operations  | 219     | 38      |
| Sewerage fund operations   | 204     | 21      |
| Domestic waste management operations   | 101     | 22      |
| Total interest and investment income   | 1,212   | 510     |

### **Accounting policy**

Interest income is recognised using the effective interest rate at the date that interest is earned.

Dividends are recognised as income in profit or loss when the shareholder's right to receive payment is established unless the dividend clearly represents a recovery of part of the cost of the investment.

### B2-6 Other income

|  |       | 2023    | 2022    |
|--|-------|---------|---------|
|  | Notes | \$ '000 | \$ '000 |
| Reversal of impairment losses on receivables       |       |         |         |

| Total rental income                                | C2-2  | 165     | 237     |
| Total other income                                 |       | 360     | 237     |

### B3 Costs of providing services

### B3-1 Employee benefits and on-costs

|  | 2023    | 2022    |
|--|---------|---------|
|  | \$ '000 | \$ '000 |
| Salaries and wages   | 7,342   | 6,492   |
| Travel expenses  | 2       | 1       |
| Employee leave entitlements (ELE)  | 1,555   | 1,142   |
| Superannuation   | 799     | 715     |
| Workers' compensation insurance  | 283     | 314     |
| Fringe benefit tax (FBT)   | 94      | 90      |
| Training costs (other than salaries and wages)                                 | 2       | 3       |
| Other  | 6       | 1       |
| Total employee costs   | 10,083  | 8,758   |
| Less: capitalised costs  | (213)   | (106)   |
| Total employee costs expensed  | 9,870   | 8,652   |
| Number of 'full-time equivalent' employees (FTE) at year end                   | 116     | 115     |
| Number of 'full-time equivalent' employees (FTE) at year end (incl. vacancies) | 122     | 120     |

### **Accounting policy**

Employee benefit expenses are recorded when the service has been provided by the employee.

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

### B3-2 Materials and services

|   | Notes  | 2023<br>\$ '000 | 2022<br>\$ '000 |

| <ul> <li>Legal expenses: debt recovery</li> </ul>   |        | 36              | 1               |
| - Legal expenses: other                             |        | 55              | 482             |
| Expenses from short-term leases                     |        | 37              | 62              |
| Total materials and services                        | _      | 31,046          | 23,143          |
| Less: capitalised costs                             |        | (12,511)        | (7,883)         |
| Total materials and services                        | _      | 18,535          | 15,260          |

### **Accounting policy**

Expenses are recorded on an accruals basis as the Council receives the goods or services.

### B3-3 Borrowing costs

|   |       | 2023    | 2022    |
|---|-------|---------|---------|
|   | Notes | \$ '000 | \$ '000 |
| (i) Interest bearing liability costs            |       |         |         |
| Interest on loans                               |       | 50      | 77      |
| Total interest bearing liability costs          |       | 50      | 77      |
| Total interest bearing liability costs expensed |       | 50      | 77      |
| (ii) Other borrowing costs                      |       |         |         |
| - Remediation liabilities                       | C3-5  | 309     | 228     |
| Total other borrowing costs                     | _     | 309     | 228     |
| Total borrowing costs expensed                  |       | 359     | 305     |

### **Accounting policy**

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed as incurred.

### B3-4 Depreciation, amortisation and impairment of non-financial assets

|   | 2023    | 2022    |
|---|---------|---------|
| Notes   | \$ '000 | \$ '000 |
| Depreciation and amortisation C1-6                    |         |         |
| Plant and equipment                                   | 873     | 656     |
| Office equipment                                      | _       | 88      |

| - Stormwater drainage                                 | 146     | 135     |
| - Buildings - non-specialised                         | 138     | 115     |
| Right of use assets                                   | 65      | 76      |
| Reinstatement, rehabilitation and restoration assets: |         |         |
| - Tip assets  | 15      | 143     |
| – Quarry assets                                       | 5       | 6       |
| Total gross depreciation and amortisation costs       | 7,066   | 7,085   |
| Total depreciation and amortisation costs             | 7,066   | 7,085   |
| Total depreciation, amortisation and impairment for   |         |         |
| non-financial assets                                  | 7,066   | 7,085   |

### **Accounting policy**

#### **Depreciation and amortisation**

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives.

### Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

### B3-5 Other expenses

|   | Notes | 2023<br>\$ '000 | 2022<br>\$ '000 |
|---|-------|-----------------|-----------------|
| Impairment of receivables   |       |                 |                 |
| Rates and annual charges  |       | 88              | 74              |

| Gain (or loss) on disposal   | _     | (2)             |                 |
| Other Structures assets  | C1-6  |                 |                 |
| Less: carrying amount of Other structures assets sold/written off        |       |                 | (191)           |
| Gain (or loss) on disposal   | _     |                 | (191)           |
| Roads, bridges and footpath assets                                       | C1-6  |                 |                 |
| Less: carrying amount of Roads, bridges and footpaths assets written off |       | (19)            | (73)            |
| Gain (or loss) on disposal   | _     | (19)            | (73)            |
| Net gain (or loss) from disposal of assets                               | _     | (21)            | (249)           |

Accounting policy
Gains and losses on disposals are determined by comparing proceeds with carrying amount. The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer and the asset is de-recognised.

#### **B5** Performance against budget

#### B5-1 Material budget variations

Council's original budget was adopted by the Council on 28 June 2022 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

Material variations of more than 10% between original budget and actual results or where the variance is considered material by nature are explained below.

Variation Key: F = Favourable budget variation. U = Unfavourable budget variation

| Variation Rey. F - Favourable budget variation, 0 -                                     | omavourable budge                      | t variation.                    |                                    |                          |   |

| Balance as per the Statement of Cash Flows                          | 16,991  | 9,116   |

### **Accounting policy**

For Statement of Cash Flow presentation purposes, cash and cash equivalents include: cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

### **Accounting policy**

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

#### **Financial assets**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification

On initial recognition, Council classifies its financial assets into the following categories - those measured at:

- amortised cost
- fair value through profit and loss (FVTPL)
- · fair value through other comprehensive income equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition.

### C1-2 Financial investments (continued)

#### **Amortised cost**

Council's financial assets measured at amortised cost comprise trade and other receivables, term deposits and cash and cash equivalents in the Statement of Financial Position. Term deposits with an initial term of more than 3 months are classified as investments rather than cash and cash equivalents.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, impairment and gains or loss on de-recognition are recognised in profit or loss.

#### Classification

Council classifies its financial assets in the following categories: financial assets at fair value through profit or loss; loans and receivables; held-to-maturity investments; and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and, in the case of assets classified as held-to-maturity, re-evaluates this designation at each reporting date.

#### (a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short-term. Assets in this category are held at fair value with changes in value taken through profit or loss at each reporting period.

### (b) Financial assets at amortised cost

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that Council's management has the positive intention and ability to hold to maturity. Assets in this category are measured at amortised cost.

#### Recognition and de-recognition

Council does not hold any financial assets as available for sale. All financial assets are recognised at cost on the date of investment and Council has the positive intention and ability to hold all financial assets/investments until maturity. Council recognises any such assets at face value at the maturity date.

## C1-4 Receivables (continued)

#### **Accounting policy**

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

#### **Impairment**

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When estimating ECL, Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day 1.

When considering the ECL for rates and annual charges debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Credit losses are measured at the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

Council writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the receivables are over 2 years past due, whichever occurs first.

None of the receivables that have been written off are subject to enforcement activity.

Where Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

## C1-5 Inventories

## **Accounting policy**

### Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

<sup>(1)</sup> Renewals are defined as the replacement of existing assets (as opposed to the acquisition of new assets).

## C1-6 Infrastructure, property, plant and equipment (continued)

#### **Accounting policy**

Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes.

When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

#### **Useful lives of IPPE**

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

|  | Useful lives |
|--|--------------|
| Equipment, furniture and fittings                    | 3 to 20      |
| Land   | Infinite     |
| Infrastructure:                                      |              |
| <ul> <li>Buildings and other structures</li> </ul>   | 20 to 100    |
| <ul> <li>Roads, bridges and footpaths</li> </ul>     | 8 to 100     |
| <ul><li>Bulk earthworks</li></ul>                    | Infinite     |
| <ul> <li>Stormwater drainage</li> </ul>              | 80 to 100    |
| <ul> <li>Water supply network</li> </ul>             | 15 to 100    |
| <ul><li>Sewerage network</li></ul>                   | 15 to 100    |
| <ul> <li>Open space / recreational assets</li> </ul> | 20           |
| <ul> <li>Other infrastructure</li> </ul>             | 20           |
| Other assets   | 2 to 15      |
| Tip and quarry assets                                | 20           |
|  |              |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

#### **Revaluation model**

Infrastructure, property, plant and equipment are held at fair value. Comprehensive valuations are performed at least every 5 years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Water and sewerage network assets are indexed at each reporting period in accordance with the Rates Reference Manual issued by Department of Planning, Industry and Environment – Water.

Increases in the carrying amounts arising on revaluation are credited to the IPPE revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against IPPE revaluation reserve to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

#### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008. Land under roads acquired after 1 July 2008 is recognised in accordance with the IPPE accounting policy.

## C1-6 Infrastructure, property, plant and equipment (continued)

#### **Crown reserves**

Crown reserves under Council's care and control are recognised as assets of the Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

#### **Rural Fire Service assets**

Under Section 119 of the *Rural Fire Services Act 1997 (NSW)*, "all firefighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the firefighting equipment has been purchased or constructed".

Walgett Shire Council has reviewed the information on Rural Fire Services "Red Fleet" assets for the year ending 30 June 2023 and has determined the carrying value of these assets to be immaterial and has therefore not disclosed these assets in the financial statements.

The Rural Fire Services land and buildings within the Walgett Local Government Area are accounted for in these statements under the signed agreement with Council's Zone RFS.

## C2 Leasing activities

### C2-1 Council as a lessee

Council has leases over buildings and IT equipment. Information relating to the leases in place and associated balances and transactions is provided below.

#### Terms and conditions of leases

Leases are on a short-term basis with the building lease and the lease over IT equipment (photocopiers) expiring in the 2023/24 and 2027/28 financial years respectively.

#### **Buildings**

Council has leased land and a buildings for their Lightning Ridge Centrelink Agency. The lease is for 3 years with the option to renew for a further 3 years.

The building lease contains an annual pricing mechanism based on either fixed increases or CPI movements at each anniversary of the lease inception.

#### Office and IT equipment

Leases for office and IT equipment are generally for low value assets, except for significant items such as photocopiers. The lease is for 5 years with no renewal option, the payments are fixed with an annual CPI increase. Usage costs are additional to the lease contract under a maintenance agreement.

#### **Extension options**

Council includes options in building leases to provide flexibility and certainty to Council operations and reduce costs of moving premises; and the extension options are at Council's discretion.

At the commencement date and each subsequent reporting date, Council assesses where it is reasonably certain that the extension options will be exercised.

There are \$64,950 in potential future lease payments which are not included in lease liabilities as Council has assessed that the exercise of the option is not reasonably certain.

## (a) Right of use assets

| Lease liabilities       | 52      | 154         | 26      | 6           |
| Total lease liabilities | 52      | 154         | 26      | 6           |

## C2-1 Council as a lessee (continued)

## (c) The maturity analysis

The maturity analysis of lease liabilities based on contractual undiscounted cash flows is shown in the table below:

|                    | < 1 year<br>\$ '000 | 1 – 5 years<br>\$ '000 | > 5 years<br>\$ '000 | Total<br>\$ '000 | Total per<br>Statement of<br>Financial<br>Position<br>\$ '000 |
|--------------------|---------------------|------------------------|----------------------|------------------|---|
| 2023<br>Cash flows | 58                  | 161                    | -                    | 219              | 206   |
| 2022<br>Cash flows | 26                  | 6                      | _                    | 32               | 32  |

## (d) Income Statement

The amounts recognised in the Income Statement relating to leases where Council is a lessee are shown below:

|  | 2023<br>\$ '000 | 2022<br>\$ '000 |
|--|-----------------|-----------------|
| Depreciation of right of use assets    | 65              | 76              |
| Expenses relating to short-term leases | 37              | 62              |
|  | 102             | 138             |

## (e) Statement of Cash Flows

| Total cash outflow for leases | (96) | (140) |
|-------------------------------|------|-------|
|                               | (96) | (140) |

## (f) Leases at significantly below market value – concessionary / peppercorn leases

All Council leases at market value which are for:

- · Residential housing
- · Commercial premises

### C2-1 Council as a lessee (continued)

### **Accounting policy**

At inception of a contract, Council assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration?

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

At the lease commencement, Council recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where Council believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives received. The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

The lease liability is initially recognised at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Council's incremental borrowing rate for a similar term with similar security is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is re-measured when there is a lease modification, or change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI).

Where the lease liability is re-measured, the right-of-use asset is adjusted to reflect the re-measurement.

#### **Exceptions to lease accounting**

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

#### Leases at significantly below market value / Concessionary leases

Council has elected to measure the right of use asset arising from the concessionary leases at cost which is based on the associated lease liability at initial recognition.

#### C2-2 Council as a lessor

### **Operating leases**

Council leases out a number of properties, these leases have been classified as operating leases for financial reporting purposes and the assets are included in IPP&E (refer in this note part (v) below) in the Statement of Financial Position.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

|  | 2023    | 2022    |
|--|---------|---------|
|  | \$ '000 | \$ '000 |
|  |         |         |
| (ii) Access held as preparty, plant and agreement                                  |         |         |
| (ii) Assets held as property, plant and equipment                                  |         |         |
| Lease income (excluding variable lease payments not dependent on an index or rate) | 165     | 237     |
| Total income relating to operating leases for Council assets                       | 165     | 237     |

## C3 Liabilities of Council

## C3-1 Payables

## Payables relating to restricted assets

|   | 2023    | 2023        | 2022    | 2022        |
|---|---------|-------------|---------|-------------|
|   | Current | Non-current | Current | Non-current |
|   | \$ '000 | \$ '000     | \$ '000 | \$ '000     |
| Externally restricted assets                      |         |             |         |             |
| Water   | 118     | _           | 170     | _           |
| Domestic waste management                         | 86      | _           | _       | _           |
| Payables relating to externally restricted assets | 204     | _           | 170     | _           |
| Total payables relating to restricted assets      | 204     |             | 170     | _           |
| Total payables relating to unrestricted assets    | 4,811   |             | 3,194   | _           |
| Total payables                                    | 5,015   | _           | 3,364   | _           |

#### **Accounting policy**

Council measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

#### Pavables

Payables represent liabilities for goods and services provided to Council prior to the end of financial year that are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

### C3-2 Contract Liabilities

|   | 2023    | 2023        | 2022    | 2022        |
|---|---------|-------------|---------|-------------|
|   | Current | Non-current | Current | Non-current |
|   | \$ '000 | \$ '000     | \$ '000 | \$ '000     |
| Grants and contributions received in advance:                         |         |             |         |             |
| Unexpended capital grants (to construct<br>Council controlled assets) | 5,065   | _           | 5,552   | -           |
| Total grants received in advance                                      | 5,065   |             | 5,552   |             |
| Total contract liabilities  | 5,065   |             | 5,552   | _           |

#### **Notes**

(i) Council has received funding to construct assets. The funds received are under an enforceable contract which require Council to construct an identified asset which will be under Council's control on completion. The revenue is recognised as Council constructs the asset and the contract liability reflects the funding received which cannot yet be recognised as revenue. The revenue is expected to be recognised in the next 12 months.

#### Contract liabilities relating to restricted assets

|  |       | 2023    | 2023        | 2022    | 2022        |
|--|-------|---------|-------------|---------|-------------|

### Additional financing arrangements information

#### **Breaches and defaults**

During the current and prior year, there were no defaults or breaches on any of the loans.

#### Security over loans

Loans held by Walgett Shire Council with banks are secured by future cash flows.

#### Bank overdraft

Walgett Shire Council does not have a bank overdraft arrangement.

#### **Accounting policy**

Council measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or borrowing costs.

## C3-4 Employee benefit provisions (continued)

#### **Accounting policy**

Employee benefit provisions are presented as current liabilities in the Statement of Financial Position if Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur and therefore all annual leave and vested long service leave (or that which vests within 12 months) is presented as current.

#### **Short-term obligations**

Liabilities for wages and salaries (including non-monetary benefits, annual leave and accumulating sick leave expected to be wholly settled within 12 months after the end of the period in which the employees render the related service) are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and accumulating sick leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

#### Other long-term employee benefit obligations

The liability for long-service leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

#### **On-costs**

The employee benefit provisions include the aggregate on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include superannuation, payroll tax and workers compensation expenses which will be payable upon the future payment of certain leave liabilities which employees are entitled to at the reporting period.

## Nature and purpose of provisions

#### **Asset remediation**

The asset remediation provision represents the present value estimate of future costs Council will incur to restore, rehabilitate and reinstate the tip and quarry as a result of past operations.

## C3-5 Provisions (continued)

#### **Accounting policy**

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a borrowing cost.

#### Asset remediation - tips and quarries

Close-down and restoration costs include the dismantling and demolition of infrastructure, and the removal of residual materials and remediation of disturbed areas. Estimated close-down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs. Provisions for close-down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The cost estimates are calculated annually during the life of the operation to reflect known developments, e.g. updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals.

The ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors, including changes to the relevant legal requirements, the emergence of new restoration techniques, or experience at other locations. The expected timing of expenditure can also change, for example in response to changes in quarry reserves or production rates. As a result, there could be significant adjustments to the provision for close down and restoration and environmental clean-up, which would affect future financial results.

Other movements in the provisions for close-down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations, and revisions to discount rates, are capitalised within infrastructure, property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

#### C4 Reserves

## C4-1 Nature and purpose of reserves

IPPE Revaluation reserve
The infrastructure, property, plant and equipment (IPPE) revaluation reserve is used to record increments and decrements in the revaluation of infrastructure, property, plant and equipment.

## D Council structure

## D1 Results by fund

General fund refers to all Council activities other than water and sewer. All amounts disclosed in this note are gross i.e. inclusive of internal charges and recoveries made between the funds. Assets and liabilities shown in the water and sewer columns are restricted for use for these activities.

### **County Councils**

Council is a member of the following county councils (which are bodies incorporated under the Local Government Act 1993):

Castlereagh Macquarie County Council

Council is of the opinion that it does not control the above county council/s and accordingly these entities have not been consolidated or otherwise included within these financial statements.

## D2-1 Interests in joint arrangements (continued)

#### **Accounting policy**

Council has determined that it has both joint operations and joint ventures.

#### Joint operations

In relation to its joint operations, where the Council has the rights to the individual assets and obligations arising from the arrangement, the Council has recognised:

- · its assets, including its share of any assets held jointly
- · its liabilities, including its share of any liabilities incurred jointly
- its share of the revenue from the sale of the output by the joint operation
- its expenses, including its share of any expenses incurred jointly.

These figures are incorporated into the relevant line item in the primary statements.

#### Joint ventures

Interests in joint ventures are accounted for using the equity method where the investment is initially recognised at cost and the carrying amount is increased or decreased to recognise Council's share of the profit or loss and other comprehensive income of the joint venture after the date of acquisition.

If Council's share of losses of a joint venture equals or exceeds its interest in the joint venture, Council discontinues recognising its share of further losses.

Council's share in the joint venture's gains or losses arising from transactions between itself and its joint venture are eliminated.

Adjustments are made to the joint venture's accounting policies where they are different from those of the Council for the purposes of the consolidated financial statements.

## E Risks and accounting uncertainties

## E1-1 Risks relating to financial instruments held

Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. The finance team manages the cash and Investments portfolio with the assistance of independent advisors. Council has an investment policy which complies with the s 625 of the Act and the Ministerial Investment Order. The policy is regularly reviewed by Council and a monthly investment report is provided to Council setting out the make-up performance of the portfolio as required by local government regulations.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance team under policies approved by the Councillors.

The fair value of Council's financial assets and financial liabilities approximates their carrying amount.

|   | Carrying value | Carrying value | Fair value | Fair value |
|---|----------------|----------------|------------|------------|
|   | 2023           | 2022           | 2023       | 2022       |

| Financial liabilities                                 |                |                |            |            |
| Payables  | 5,015          | 3,364          | 5,015      | 3,364      |
| Loans/advances  | 914            | 1,336          | 914        | 1,336      |
| Total financial liabilities                           | 5,929          | 4,700          | 5,929      | 4,700      |

Fair value is determined as follows:

- Cash and cash equivalents, receivables, payables are estimated to be the carrying value that approximates market
- **Borrowings** are based upon estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles, unless quoted market prices are available.
- Financial assets classified 'at fair value through profit and loss' are based upon quoted market prices (in active markets for identical investments) at the reporting date or independent valuation.

The risks associated with the financial instruments held are:

- · interest rate risk the risk that movements in interest rates could affect returns
- · liquidity risk the risk that Council will not be able to pay its debts as and when they fall due.
- credit risk the risk that a contracting entity will not complete its obligations under a financial instrument, resulting in a financial loss to the Council.

Council manages these risks by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees. Council also seeks advice from independent advisers before placing any cash and investments.

341

### (b) Credit risk

Council's major receivables comprise rates, annual charges, user charges and fees.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures. Council also encourages ratepayers to pay their rates by the due date through incentives.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk other than Council has significant credit risk exposures in its local area given the nature of Council activities.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance. The balances of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable in the financial statements.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

## E1-1 Risks relating to financial instruments held (continued)

#### Credit risk profile

#### Receivables - rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to recover these debts as a secured charge over the land; that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages payment.

|                            | Not yet Ov         | Not yet overdue rates and annual charges |                      |                  |  |  |
|----------------------------|--------------------|--|----------------------|------------------|--|--|
|                            | overdue<br>\$ '000 | < 5 years<br>\$ '000                     | ≥ 5 years<br>\$ '000 | Total<br>\$ '000 |  |  |
| 2023 Gross carrying amount | (263)              | 365                                      | 1,761                | 1,863            |  |  |
| 2022                       |                    |  |                      |                  |  |  |
| Gross carrying amount      | (286)              | 254                                      | 1,643                | 1,611            |  |  |

#### Receivables - non-rates and annual charges and contract assets

Council applies the simplified approach for non-rates and annual charges debtors and contract assets to provide for expected credit losses, which permits the use of the lifetime expected loss provision at inception. To measure the expected credit losses, non-rates and annual charges debtors and contract assets have been grouped based on shared credit risk characteristics and the days past due.

The loss allowance provision is determined as follows. The expected credit losses incorporate forward-looking information.

|                        | Not yet |             | Overdue      | debts        |           |         |
|------------------------|---------|-------------|--------------|--------------|-----------|---------|
|                        | overdue | 0 - 30 days | 31 - 60 days | 61 - 90 days | > 91 days | Total   |
|                        | \$ '000 | \$ '000     | \$ '000      | \$ '000      | \$ '000   | \$ '000 |

## E1-1 Risks relating to financial instruments held (continued)

## (c) Liquidity risk

Payables, lease liabilities and borrowings are both subject to liquidity risk; that is, the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels, and by maintaining an adequate cash buffer. Payment terms can be extended, and overdraft facilities drawn upon in extenuating circumstances.

Borrowings are also subject to interest rate risk: the risk that movements in interest rates could adversely affect funding costs. Council manages this risk through diversification of borrowing types, maturities and interest rate structures.

The finance team regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows for non-lease liabilities (refer to Note C2-1(b) for lease liabilities) and therefore the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

|                             | Weighted average | Subject  | ı        | payable in: |               |            | Actual   |

#### Loan agreement breaches

There have been no breaches to loan agreements which have occurred during the reporting year.

### E2-1 Fair value measurement

The Council measures the following asset and liability classes at fair value on a recurring basis:

- Infrastructure, property, plant and equipment

#### Fair value hierarchy

All assets and liabilities measured at fair value are assigned to a level in the fair value hierarchy as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

The table below shows the assigned level for each asset and liability held at fair value by Council:

| Data of   | latest                   |        |                                       | Lovol 2 S |   |         |         |  |

Non-recurring fair value measurements

### Valuation techniques

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The fair valuation techniques Council has employed while utilising level 2 and level 3 inputs are as follows:

# Infrastructure, property, plant and equipment (IPPE) Plant and equipment

Plant and equipment are valued at cost but are disclosed at fair value in the notes excepting major items of plant which were revalued based on observable market values as at 30 June 2018 by Australis Asset Advisory Group. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items.

Examples of assets within these classes are as follows: Graders, trucks, rollers, tractors and motor vehicles. These types of assets have been indexed in 2022 using movement in inflation from 2018 to 2022.

#### Operational, crown and community land

Operational and Community Land are were revalued as at 30 June 2023 to observable market values by APV Valuers and Asset Management. Crown land is based on the Valuer-General's land value as these are representative of actual market values within the Walgett LGA or an average unit rate based on the Land Value for Crown Land.

As these rates are considered to be observable market evidence they have been classified as a Level 2.

### Buildings - specialised

Specialised buildings were valued by APV Valuers and Asset Management as at 30th June 2023, at Fair or Market Value.

This approach estimated the fair value for each building by either componentising the building into significant parts where there was not a comparable building within the Walgett LGA or by using observable market prices for comparable properties within the Walgett LGA.

All buildings were physically inspected and elements such as useful life reassessed.

There has been no change to the valuation process during the reporting period.

#### **Buildings - non-specialised**

Non Specialised buildings were valued by APV Valuers and Asset Management as at 30th June 2023, at Fair Value.

This approach estimated the fair value for each building by componentising the building into significant parts.

All buildings were physically inspected and elements such as useful life reassessed.

There has been no change to the valuation process during the reporting period.

#### Other structures

Other Structures were valued by APV Valuers & Asset Management as at 30th June 2022, at Fair Value.

These assets have been classified as Level 3 valuation inputs.

Examples of assets within these classes are as follows: Waste Depot, Structures other than Buildings and Sale Yards

These assets have been indexed in 2023 using the NSW non-residential building construction index.

#### **Roads**

Roads comprise of road carriageway, roadside shoulders, islands, kerb and guttering. They include sections that are sealed and unsealed. Road assets were independently valued as at 30th June 2020 by AssetVal, at Current Replacement Cost. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items. While some elements of value may be supported from market evidence (Level 2 inputs) other inputs such as, estimates of pattern of consumption, traffic load and frequency, residual value, asset condition and useful life, will impact significantly on the final determination of fair value.

These assets have been indexed in 2023 using the NSW Road and bridge construction index.

These assets have been classified as Level 3 valuation inputs.

#### **Bridges**

Bridge assets were independently valued as at 30th June 2020, at Current Replacement Cost. This category consists of all bridges and causeways greater than 6 metres. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items. While some elements of value may be supported from market based evidence (Level 2 inputs) other inputs such as, pattern of consumption, traffic load and frequency, residual value, asset condition and useful life will impact significantly on the final determination of the fair value.

These assets have been indexed in 2023 using the NSW Road and bridge construction index.

These assets have been classified as Level 3 valuation inputs.

#### **Footpaths**

Footpath assets were independently valued as at 30th June 2020, at Current Replacement Cost.

The carrying amount of these assets is assumed to approximate fair value due to the nature of the items. While some elements of value may be supported from market evidence (Level 2 inputs) other inputs such as, estimates of pattern of consumption, traffic load and frequency, residual value, asset condition and useful life, will impact significantly on the final determination of fair value.

These assets have been indexed in 2023 using the NSW Road and bridge construction index.

These assets have been classified as at Level 3 valuation inputs. Footpaths are inspected annually and condition assessed.

#### **Drainage infrastructure**

continued on next page ...

Stormwater Drainage assets were independently valued as at 30th June 2020, at Current Replacement Cost. Assets within this class comprise pit, traps, pipes and channels. The Cost Approach is utilised with each asset being componentised into significant parts, with different useful lives and taking into account a range of factors in determination of fair value.

While unit rates based on elements, such as linear metres and pipe diameter, may be supported by market evidence (Level 2) other inputs such as estimates of consumption, residual value, asset condition and useful life, require extensive professional judgement and impact significantly on the final determination of fair value.

These assets have been indexed in 2023 using the NSW Reference Rates manual as published by the Office of Water.

These assets have been classified as Level 3 valuation inputs.

#### Water supply network

Water Supply assets were valued by APV Valuers and Asset Management as at 30th June 2022 at Current Replacement Cost and utilising Fair Value measurement. Assets within this class comprise reservoirs, pumping stations, treatment plant and pipelines.

The Cost Approach is utilised with each asset being componentised into significant parts, with different useful lives and taking into account a range of factors.

While unit rates based on elements, such as linear metres and pipe diameter, may be supported by market evidence (Level 2) other inputs such as estimates of consumption, residual value, asset condition and useful life, require extensive professional judgement and impact significantly on the final determination of fair value.

These assets have been classified as Level 3 valuation inputs.

In non comprehensive valuation years, these assets are indexed each year in line with the NSW Reference Rates manual as published by the Office of Water.

There has been no change to the valuation process during the reporting period.

#### Sewerage network

Sewerage Network assets were valued by APV Valuers and Asset Management as at 30th June 2022 at Current Replacement Cost and utilising Fair Value measurement. Assets within this class comprise pumping stations, treatment plant and pipelines. The Cost Approach is utilised with each asset being componentised into significant parts, with different useful lives and taking into account a range of factors.

While unit rates based on elements, such as linear metres and pipe diameter, may be supported by market evidence (Level 2) other inputs such as estimates of consumption, residual value, asset condition and useful life, require extensive professional judgement and impact significantly on the final determination of fair value.

These assets have been classified as Level 3 valuation inputs.

In non comprehensive valuation years, these assets are indexed each year in line with the NSW Reference Rates manual as published by the Office of Water.

There has been no change to the valuation process during the reporting period.

## Fair value measurements using significant unobservable inputs (level 3)

Significant unobservable valuation inputs used (for level 3 asset classes) and their relationship to fair value.

The following table summarises the quantitative information relating to the significant unobservable inputs used in deriving the various level 3 asset class fair values.

|                              | Fair value<br>(30/6/23) |                       |                                  |  |  |
|------------------------------|-------------------------|-----------------------|----------------------------------|--|--|
|                              | 2023<br>\$ '000         | Valuation technique/s | Unobservable inputs              |  |  |
| Infrastructure, proper       | ·                       | equipment             |                                  |  |  |
| Buildings specialised        | 24,733                  | Cost approach         | Unit price                       |  |  |
| Other structures             | 38,465                  | Cost approach         | Unit price                       |  |  |
| Roads, bridges and footpaths | 228,343                 | Cost approach         | Unit price                       |  |  |

## Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

## E3-1 Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure is considered relevant to the users of Council's financial report.

#### LIABILITIES NOT RECOGNISED

#### (i) Defined benefit superannuation contribution plans

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme (Active Super) (the Fund), named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a *'multi-employer fund'* for the purposes of AASB119 Employee Benefits for the following reasons:

- 1) Assets are not segregated within the sub-group according to the employees of each sponsoring employer.
- 2) The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.
- 3) Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer; and
- 4) The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors set out above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

(a) a description of the funding arrangements, including the method used to determine the entity's rate of contributions and any minimum funding requirements.

Pooled Employers are required to pay future service employer contributions and past service employer contributions to the Fund.

The future service employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current future service employer contribution rates are::

| II JIVISION K | 1.9 times member contributions for non-180 Point Members;<br>Nil for 180 Point Members* |
|---------------|---|
| Division C    | 2.5% salaries   |
| Division D    | 1.64 times member contributions   |

<sup>\*</sup> For 180 Point Members, Employers are required to contribute 8.0% of salaries for the year ending 30 June 2023 (increasing to 8.5% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The past service contribution for each Pooled Employer is a share of the total past service contributions of \$20.0 million per annum for 1 July 2022 to 31 December 2024, apportioned according to each employer's share of the accrued liabilities as at 30 June 2022. These past service contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

b) a description of the extent to which Council can be liable to the plan for other entities' obligations under the terms and conditions of the multi-employer plan

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding past service contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the Council.

c) a description of any agreed allocation of a deficit or surplus on:

(i) wind up of the plan

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

(ii) the Council's withdrawal from the plan

### E3-1 Contingencies (continued)

There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

- d) Given Walgett Shire Council accounts for the plan as if it were a defined contribution plan in accordance with paragraph 34, the following information applies:
  - (i) the fact that the plan is a defined benefit plan is confirmed by Mercer Australia.
  - (ii) the reason why sufficient information is not available to enable the entity to enable Walgett Shire Council to account for the plan as a defined benefit plan is set out earlier in this statement.
  - (IIi) Council's expected contribution to the plan for the next annual reporting period is \$13,964.88.
  - (iv) the amount of Council employer contributions to the defined section of the Local Government Superannuation Scheme (Active Super) and recognised as an expense for the year ending 30 June 2023 was \$18,956.97. Based on a Past Service Liabilities methodology the share of any funding surplus or deficit that can be attributed to Walgett Shire Council is 0.04%. The last formal valuation of the Fund was undertaken by the Fund Actuary, Richard Boyfield FIAA as at 30 June 2022.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2023 is:

| Employer reserves only * | \$millions | Asset Coverage |  |  |
|--------------------------|------------|----------------|--|--|
| Assets                   | 2,290.9    |                |  |  |
| Past Service Liabilities | 2,236.1    | 102.4%         |  |  |
| Vested Benefits          | 2,253.6    | 101.7%         |  |  |

<sup>\*</sup> excluding other accummulation accounts and reserves in both assets and liabilities.

The key economic assumptions used to calculate the present value of accrued benefits are:

| Investment return  | 6.0% per annum                                 |
|--------------------|--|
| Salary inflation * | 3.5% per annum                                 |
| Increase in CPI    | 6.0% for FY 22/23<br>2.5% per annum thereafter |

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group. Please note that the estimated employer reserves financial position above is a prelimnary calculation, and once all the relevant information has been received by the Funds Actuary, the final end of year review will be completed by December 2023.

(v) an indication of the level of participation of Walgett Shire Council in the plan compared with other participating

It is estimated that there are \$8,876.28 past service contributions remaining for Walgett Shire Council. An employer's past service contribution per annum as a percentage of the total past service contributions for all Pooled Employers (\$20 million for each year from 1 January 2022 to 31 December 2024) provides an indication of the level of participation of that employer compared with other employers in the Pooled Employers sub-group.

#### (ii) Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30 June 2023 may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

### (iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW local government industry and specifically Council.

Council has a contingent liability to contribute further equity in the event of the erosion of the company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

These future equity contributions would be required to maintain the company's minimum level of net assets in accordance with its licence requirements.

### E3-1 Contingencies (continued)

### **ASSETS NOT RECOGNISED**

### (i) Land under roads

As permitted under AASB 1051, Council has elected not to bring to account land under roads that it owned or controlled up to and including 30 June 2008.

### (ii) Infringement notices/fines

Fines and penalty income, the result of Council issuing infringement notices is followed up and collected by the Infringement Processing Bureau.

Council's revenue recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices.

Due to the limited information available on the status, value and duration of outstanding notices, Council is unable to determine the value of outstanding income.

# F People and relationships

## F1 Related party disclosures

### F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the council are those persons having the authority and responsibility for planning, directing and controlling the activities of the council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

| 2023    | 2022                        |
|---------|-----------------------------|
| \$ '000 | \$ '000                     |

|   |     |                 |                                      | NSW Local Government State Award        |                                     |            |
| Employee expenses relating to close family members of KMP | 4   | 119             | -                                    | 2017                                    | _                                   | _          |

- 1 Council hires plant for water cartage from a Council KMP. The plant hire by Council is subject to an annual plant hire tender process;
- 2 Council leases a building in Lightning Ridge for the Council/Services Australia agency. The lessee business has 2 KMP as partners in the business;
- 3 Council enters into a tender contract for plant and equipment hire with multiple companies. Two of the contracted businesses have directors who are KMPs for Council;
- 4 Close family members (2) of a Council KMP are employed by the Council under the Local Government Award, on an arms length basis.

End of the audited financial statements

### H Additional Council disclosures (unaudited)

### H1-1 Statement of performance measures – consolidated results (graphs)

### 1. Operating performance ratio

# Purpose of operating performance ratio

This ratio measures Council's achievement of containing operating expenditure within operating revenue.

### Commentary on 2022/23 result

2022/23 ratio 16.76%

Council's ratio is a positive percentage which is above the industry benchmark of 0% and indicates for this year that Council's operating income exceeded its operating expenditure.

Benchmark: - > 0.00%

Ratio achieves benchmark

Ratio is outside benchmark

### 2. Own source operating revenue ratio

# Purpose of own source operating revenue ratio

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions.

### Commentary on 2022/23 result

2022/23 ratio 33.34%

This ratio has decreased compared to last financial year as Council had significant grant expenditure on natural disaster (flood damage) remediation works.

Benomian. Co.co.

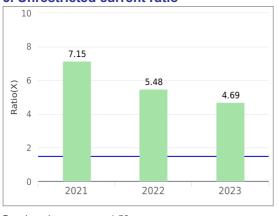

Source of benchmark: Code of Accounting Practice and Financial Reporting

Source of benchmark: Code of Accounting Practice and Financial Reporting

### Ratio achieves benchmark

Ratio is outside benchmark

### 3. Unrestricted current ratio

# Purpose of unrestricted current ratio

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council.

### Commentary on 2022/23 result

2022/23 ratio 4.69x

Council has a very strong unrestricted current ratio. This allows Council to continue planned works while enabling it to meet current and future expenditure commitments.

Benchmark: — > 1.50x

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### H1-1 Statement of performance measures – consolidated results (graphs) (continued)

### 4. Debt service cover ratio

# Purpose of debt service cover ratio

This ratio measures the availability of operating cash to service debt including interest, principal and lease payments

### Commentary on 2022/23 result

2022/23 ratio 17.74x

Council's ratio is well above the industry benchmark and is considered sound.

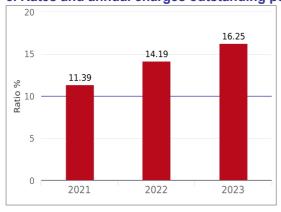

Benchmark: - > 2.00x

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### 5. Rates and annual charges outstanding percentage

# Purpose of rates and annual charges outstanding percentage

To assess the impact of uncollected rates and annual charges on Council's liquidity and the adequacy of recovery efforts.

### Commentary on 2022/23 result

2022/23 ratio 16.25%

This ratio has continued to steadily increase. The impact of the Covid-19 pandemic on ratepayer's ability to meet debts has been exacerbated by two years of flooding in a rural agricultural economy.

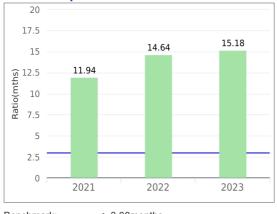

Benchmark: - < 10.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### 6. Cash expense cover ratio

# Purpose of cash expense cover ratio

This liquidity ratio indicates the number of months a Council can continue paying for its immediate expenses without additional cash inflow.

### Commentary on 2022/23 result

2022/23 ratio 15.18 months

Council is performing significantly better than the industry benchmark and remains in a strong position.

Benchmark: — > 3.00months

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### INDEPENDENT AUDITOR'S REPORT

# Report on the general purpose financial statements Walgett Shire Council

To the Councillors of Walgett Shire Council

### **Opinion**

I have audited the accompanying financial statements of Walgett Shire Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2023, the Statement of Financial Position as at 30 June 2023, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information.

### In my opinion:

- the Council's accounting records have been kept in accordance with the requirements of the Local Government Act 1993, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
  - have been prepared, in all material respects, in accordance with the requirements of this Division
  - are consistent with the Council's accounting records
  - present fairly, in all material respects, the financial position of the Council as at 30 June 2023, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 'Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

Dear Mayor

# Report on the Conduct of the Audit for the year ended 30 June 2023 Walgett Shire Council

I have audited the general purpose financial statements (GPFS) of the Walgett Shire Council (the Council) for the year ended 30 June 2023 as required by section 415 of the *Local Government Act* 1993 (the Act).

I expressed an unmodified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2023 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

### **INCOME STATEMENT**

### **Operating result**

|  | 2023 | 2022  | Variance |
|--|------|-------|----------|
|  | \$m  | \$m   | %        |
| Rates and annual charges revenue                                   | 10.0 | 9.7   | 3.1      |
| Grants and contributions revenue                                   | 34.7 | 20.3  | 70.9     |
| Operating result from continuing operations                        | 15.1 | 0.5   | 2920     |
| Net operating result<br>before capital grants and<br>contributions | 7.7  | (2.4) | 421      |

Council's operating result (\$15.1 million including the effect of depreciation and amortisation expense of \$7.1 million) was \$14.6 million higher than the 2021–22 result. This was mainly due to increased revenue from grants and contributions.

The net operating result before capital grants and contributions (\$7.7 million) was \$10.1 million higher than the 2021–22 result due an increase in grants received for operating purposes.

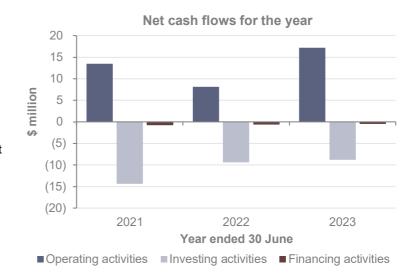

Rates and annual charges revenue (\$10.0 million) increased by \$0.3 million (3.1 per cent) in 2022–2023.

Grants and contributions revenue (\$34.7 million) increased by \$14.4 million (70.9 per cent) in 2022–2023 due to:

- an increase of \$1.2 million in financial assistance grants received in 2022–23
- an increase of \$8.7 million in receipts of operating grants provided for specific purposes including flood damage and road repairs and maintenance
- increased revenue of \$3.1 million recognised for grant funded infrastructure projects
- the receipt of contributed land and buildings of \$1.4 million.

### STATEMENT OF CASH FLOWS

- The Statement of Cash Flows illustrates the flow of cash and cash equivalents moving in and out of Council during the year and reveals that cash increased by \$7.9 million to \$17 million at the close of the year.
- The increase is mainly due to increased unspent grants held at year end.

### **FINANCIAL POSITION**

### Cash and investments

| Cash and investments                         | 2023 | 2022 | Commentary  |
|--|------|------|---|
|  | \$m  | \$m  |   |
| Total cash, cash equivalents and investments | 41.0 | 36.1 | External restrictions include unspent specific<br>purpose grants and contributions, and domestic<br>waste management, water and sewerage charges, |
| Restricted cash and                          |      |      | and unexpended loans.   |
| investments:                                 |      |      | <ul> <li>Balances are internally allocated due to Council<br/>policy or decisions for forward plans including</li> </ul>                          |
| External restrictions                        | 25.4 | 20.1 | works program.  |
| Internal allocations                         | 14.6 | 15.8 |   |

### **PERFORMANCE**

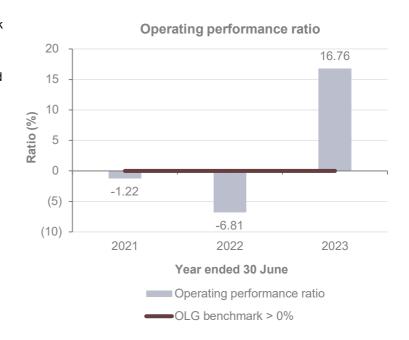

### **Performance measures**

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning and Environment.

### Operating performance ratio

The Council met the OLG benchmark for the current reporting period.

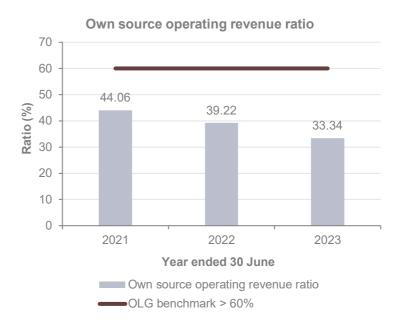

The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.

### Own source operating revenue ratio

The Council did not meet the OLG benchmark for the current reporting period.

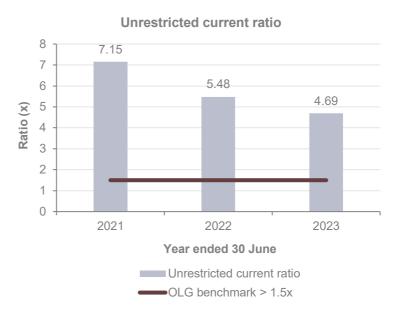

The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.

### **Unrestricted current ratio**

The Council met the OLG benchmark for the current reporting period.

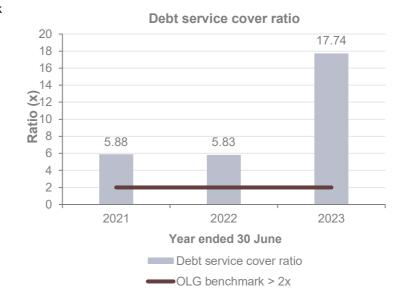

The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.

### **Debt service cover ratio**

The Council met the OLG benchmark for the current reporting period.

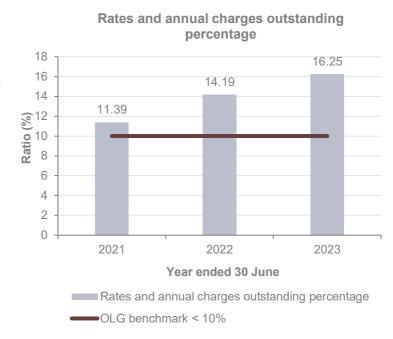

The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times.

### Rates and annual charges outstanding percentage

The Council did not meet the OLG benchmark for the current reporting period.

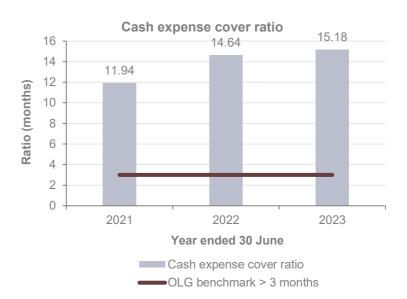

The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional councils.

### Cash expense cover ratio

The Council met the OLG benchmark for the current reporting period.

This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.

### Infrastructure, property, plant and equipment renewals

- Council's asset renewal additions for the year were \$3.4 million compared \$6.1 million for the prior year
- The level of asset renewals during the year represented 48 percent of the total depreciation expense (\$7.1 million) for the year.

### **OTHER MATTERS**

### Legislative compliance

My audit procedures did not identify any instances of non-compliance with legislative requirements or a material deficiency in the Council's accounting records or financial statements. The Council's:

 accounting records were maintained in a manner and form to allow the GPFS to be prepared and effectively audited • staff provided all accounting records and information relevant to the audit.

### The Council's:

- accounting records were maintained in a manner and form that facilitated the preparation and the effective audit of the GPFS
- staff provided all accounting records and information relevant to the audit.

/ final

Manuel Moncada Director - Financial Audit

Delegate of the Auditor-General of New South Wales

SPECIAL PURPOSE FINANCIAL STATEMENTS for the year ended 30 June 2023

### Special Purpose Financial Statements

for the year ended 30 June 2023

# Statement by Councillors and Management made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

The attached special purpose financial statements have been prepared in accordance with:

- NSW Government Policy Statement, Application of National Competition Policy to Local Government
- Division of Local Government Guidelines, Pricing and Costing for Council Businesses: A Guide to Competitive Neutrality
- The Local Government Code of Accounting Practice and Financial Reporting
- Sections 3 and 4 of the NSW Department of Planning and Environment, Water's Regulatory and assurance framework for local water utilities.

To the best of our knowledge and belief, these statements:

- · present fairly the operating result and financial position for each of Council's declared business activities for the year,
- · accord with Council's accounting and other records; and
- · present overhead reallocation charges to the water and sewerage businesses as fair and reasonable.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 06 February 2024.

### Note - Significant Accounting Policies

A statement summarising the supplemental accounting policies adopted in the preparation of the Special Purpose Financial Statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these Special Purpose Financial Statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these Special Purpose Financial Statements have been prepared in accordance with the *Local Government Act 1993 (NSW)*, the *Local Government (General) Regulation 2005*, and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, current values of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. *The Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, and returns on investments (rate of return and dividends paid).

#### **Declared business activities**

In accordance with Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality, Council has declared that the following are to be considered as business activities:

#### **Category 1**

(where gross operating turnover is over \$2 million)

### a. Walgett Shire Council Combined Water Supply Services

Council's water supply activities servicing the towns of Walgett, Lightning Ridge and villages.

### Category 2

(where gross operating turnover is less than \$2 million)

### a. Walgett Shire Council Combined Sewerage Services

Council's sewerage reticulation & treatment activity servicing the towns of Walgett, Lightning Ridge and Collarenebri.

### **Taxation equivalent charges**

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in the Special Purpose Finanncial Statements. For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

### Notional rate applied (%)

<u>Corporate income tax rate</u> - **25%** (2021/22 25%)

<u>Land tax</u> – the first \$969,000 of combined land values attracts **0**%. For the combined land values in excess of \$969,000 up to \$5,925,000 the rate is **\$100 + 1.6**%. For the remaining combined land value that exceeds \$5,925,000 a premium marginal rate of **2.0**% applies.

### Note - Significant Accounting Policies (continued)

Payroll tax – 5.45% on the value of taxable salaries and wages in excess of \$1,200,000.

In accordance with the Department of Planning, Industry & Environment (DPIE) – Best Practice Water Supply and Sewer Guidelines, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from water supply and sewerage business activities.

The payment of taxation equivalent charges, referred to in the DPIE – Best Practice Water & Sewer Guidelines as a 'dividend for taxation equivalent', may be applied for any purpose allowed under the *Local Government Act, 1993*.

Achievement of substantial compliance to the DPIE – Water guidelines is not a prerequisite for the payment of the tax equivalent charges, however the payment must not exceed \$3 per assessment.

Walgett Shire Council did not pay a dividend in this financial year.

#### Income tax

An income tax equivalent has been applied on the profits of the business activities. Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level - gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the corporate income tax rate, currently 25% (in 2021/22 the rate was 26%).

Income tax is only applied where a gain from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to Council as the 'owner' of business operations - it represents an internal payment and has no effect on the operations of the Council. Accordingly, there is no need for disclosure of internal charges in the SPFS.

The rate applied of 25% is the equivalent company tax rate prevalent at reporting date. No adjustments have been made for variations that have occurred during the year.

### Local government rates and charges

A calculation of the equivalent rates and charges payable on all category 1 businesses has been applied to all land assets owned or exclusively used by the business activity.

### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that council business activities face 'true' commercial borrowing costs in line with private sector competitors.

In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

Council has no borrowings on it's Category 1 businesses this financial year.

### (i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed

Subsidies occur when Council provides services on a less-than-cost-recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations.

Accordingly, 'subsidies disclosed' (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by Council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported business activity.

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Funds are subsequently available for meeting commitments or financing future investment strategies. The rate of return is disclosed for each of Council's business activities on the Income Statement.

The rate of return is calculated as follows:

## Note – Significant Accounting Policies (continued)

### Operating result before capital income + interest expense

### Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 4.02% at 30/6/23.

### (iii) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

Walgett Shire Council did not pay a didvidend in this financial year. All dividends stated within these accounts are notional.

### INDEPENDENT AUDITOR'S REPORT

# Report on the special purpose financial statements Walgett Shire Council

To the Councillors of Walgett Shire Council

### **Opinion**

I have audited the accompanying special purpose financial statements (the financial statements) of Walgett Shire Council's (the Council) Declared Business Activities, which comprise the Statement by Councillors and Management, the Income Statement of each Declared Business Activity for the year ended 30 June 2023, the Statement of Financial Position of each Declared Business Activity as at 30 June 2023 and Significant accounting policies note.

The Declared Business Activities of the Council are:

- · Water supply
- Sewerage.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's declared Business Activities as at 30 June 2023, and their financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Significant accounting policies note and the Local Government Code of Accounting Practice and Financial Reporting 2022–23 (LG Code).

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the Significant accounting policies note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

### Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates'.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Significant accounting policies note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar4.pdf">www.auasb.gov.au/auditors\_responsibilities/ar4.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

| Less notional general income yield               | р                       | 6,029              | 6,280              |
| Catch-up or (excess) result                      | q = o - p               | 28                 | 24                 |
| Carry forward to next year <sup>3</sup>          | t = q + r + s           | 28                 | 24                 |

### **Notes**

<sup>(1)</sup> The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.

<sup>(2)</sup> Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.

<sup>(3)</sup> Carry forward amounts which are in excess (an amount that exceeds the permissible income) require ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Local Government Act 1993. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

### INDEPENDENT AUDITOR'S REPORT

### Special Schedule – Permissible income for general rates

### **Walgett Shire Council**

To the Councillors of Walgett Shire Council

### **Opinion**

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Walgett Shire Council (the Council) for the year ending 30 June 2024.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2022–23 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

### Other Information

The Council's annual report for the year ended 30 June 2023 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2023'.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar8.pdf">www.auasb.gov.au/auditors\_responsibilities/ar8.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- · that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

<sup>(</sup>a) Required maintenance is the amount identified in Council's asset management plans.

### Infrastructure asset condition assessment 'key'

# Condition Integrated planning and reporting (IP&R) description

Excellent/very good No work required (normal maintenance)
Good Only minor maintenance work required

**Satisfactory** Maintenance work required

4 Poor Renewal required

5 Very poor Urgent renewal/upgrading required

## Report on infrastructure assets as at 30 June 2023

### Infrastructure asset performance indicators (consolidated) \*

|  | Amounts | Indicator | Indicators |          | Benchmar   |  |
|--|---------|-----------|------------|----------|------------|--|
| \$ '000  | 2023    | 2023      | 2022       | 2021     |            |  |
| Buildings and infrastructure renewals ratio      |         |           |            |          |            |  |
| Asset renewals 1                                 | 3,436   | 56.25%    | 28.88%     | 26.88%   | > 100 000/ |  |
| Depreciation, amortisation and impairment        | 6,108   | 30.23 /   | 20.00%     | 20.00%   | > 100.00%  |  |
| Infrastructure backlog ratio                     |         |           |            |          |            |  |
| Estimated cost to bring assets to a satisfactory |         |           |            |          |            |  |
| standard   | 20,850  | 5.42%     | 5.06%      | 5.82%    | < 2.00%    |  |
| Net carrying amount of infrastructure assets     | 384,348 |           |            |          |            |  |
| Asset maintenance ratio                          |         |           |            |          |            |  |

| Required asset maintenance                       | 7,646   | 159.30%   | 147.80%    | 113.84%  | > 100.00%  |  |
| Cost to bring assets to agreed service level     |         |           |            |          |            |  |
| Estimated cost to bring assets to                |         |           |            |          |            |  |
| an agreed service level set by Council           | 18,350  | 3.38%     | 2.96%      | 3.72%    |            |  |
| Gross replacement cost                           | 543,659 |           |            |          |            |  |

<sup>(\*)</sup> All asset performance indicators are calculated using classes identified in the previous table.

<sup>(1)</sup> Asset renewals represent the replacement and/or refurbishment of existing assets to an equivalent capacity/performance as opposed to the acquisition of new assets (or the refurbishment of old assets) that increases capacity/performance.

## Report on infrastructure assets as at 30 June 2023

### Infrastructure asset performance indicators (by fund)

|  | Gener   | al fund | Water fund |        | Sewer fund |        | Benchmark |
|--|---------|---------|------------|--------|------------|--------|-----------|
| 9'000  | 2023    | 2022    | 2023       | 2022   | 2023       | 2022   |           |
| Buildings and infrastructure renewals ratio Asset renewals <sup>1</sup> Depreciation, amortisation and impairment                            | 65.52%  | 33.15%  | 4.70%      | 17.40% | 50.25%     | 7.26%  | > 100.00% |
| Infrastructure backlog ratio Estimated cost to bring assets to a satisfactory standard Net carrying amount of infrastructure assets          | 4.19%   | 3.22%   | 16.54%     | 17.79% | 5.18%      | 10.83% | < 2.00%   |
| Asset maintenance ratio Actual asset maintenance Required asset maintenance  | 211.71% | 200.40% | 79.04%     | 60.92% | 105.23%    | 62.37% | > 100.00% |
| Cost to bring assets to agreed service level Estimated cost to bring assets to an agreed service level set by Council Gross replacement cost | 2.48%   | 1.61%   | 10.78%     | 11.79% | 2.94%      | 6.23%  |           |

<sup>(1)</sup> Asset renewals represent the replacement and/or refurbishment of existing assets to an equivalent capacity/performance as opposed to the acquisition of new assets (or the refurbishment of old assets) that increases capacity/performance.
